Postal Telegraph Looking Toward High Point—Other News.

TELEGRAM BUREAU, HIGH POINT, Jan. 14

D. H. Parnell, late superintendent of the Electric Light System, has been downed for once—he has a gripe. We hope for a speedy recovery.

W. T. Whitten, of the High Point book store, spent yesterday in Greensboro.

It is probable that the Postal Telegraph Company which is extending its line through the south, having gotten the poles up far as Lexington, going north, will establish an office in High Point.

Married Thursday at Bunker Hill, Miss Daisy Payne and Eugene Hill.

Keep in mind that there will be a mass meeting in the opera house Monday night to further discuss the water works. It is to your interest to be there. Come out and let us as citizens reason together.

Mrs. J. B. Hays and child, who have been visiting in Augusta, Ga., arrived here last night and are domiciled at the home of her father, Mr. Donahue Smith, on Steele street.

SMALLPOX AT UNIVERSITY.

Prompt and Frank Statement by President Alderman.

A case of smallpox has developed at the State University. A special to the morning papers last night from Chapel Hill gives the following statement from President Alderman and Dr. R. H. Lewis:

"Mr. J. R. Paddison, of Mt. Airy, a medical student at the University, has developed a definite case of smallpox. He was unvaccinated and contracted the disease in Mt. Airy during a visit to his home. Mr. Paddison had a chill on Monday, the 8th. He was sent to the infirmary and placed in a separate room (there are no wards) on Tuesday and on Thursday the eruption appeared. Dr. R. H. Whitehead, the physician to the University, immediately suspected smallpox and requested that I summon Dr. Richard H. Lewis, of Raleigh, in consultation. This I did by wire and Dr. Lewis arrived Thursday evening.

They agreed in pronouncing the case smallpox. Dr. Lewis suggested that Dr. John Manning, of Durham, who has had much practical experience in the disease, be sent for for absolute surety. Dr. Manning arrived early Friday morning and confirmed the diagnosis. There have been four exposures to the contagion, so far as known. Mr. Paddison's room-mate and three others, two of whom were not students. These have been isolated. These exposures were on the first day or two of sickness and before the period of eruption and the physicians state that it is regarded as doubtful if the disease is contagious until after the eruptive stage. Dr. Whitehead has charge of the patient and everything that science suggests will be done to care for the patient and to prevent the spread of the disease. The infirmary occupies an isolated position out of reach of any danger to the neighborhood buildings and Mr. Paddison has been provided with a nurse. Dr. Charles S. Mangum will act as college physician and Dr. Whitehead will not come into contact with the students. I announced the exact facts in the case to all the students in the school today at 9:30 and Dr. Lewis spoke to them on the efficiency of vaccination. It was found that only 62 students of the whole body were unvaccinated. All those upon whom vaccination had been taken successfully in the past two years will be vaccinated today and tomorrow. Others may be vaccinated if they so desire. The town of Chapel Hill has ordered compulsory vaccination. In the judgment of physicians the common sense thing to do, as well as the safest thing to do, is for the students to remain at the University and attend to their work. The danger of further contagion, in the opinion of the physicians, may practically be regarded. I have thought it wise to make this statement of the situation and state the judgment of the physicians as to the proper course to be pursued by the students. It should be well understood, however, that nothing will be done to detain at the University any student whose parents may desire him to leave. That question rests with the parents. My own judgment coincides with the physicians. It is just to the students themselves to say that they received the information with good sense and showed the right spirit of cooperation with the authorities in any action they may think necessary.

"Edwin Alderman, President."

"I wish to say that the above is a candid and complete statement of the smallpox situation at the University. I regard the danger of the disease spreading among the students as hardly worth considering. My own two boys, who are students here, will remain."

"Richard H. Lewis, M. D., Secretary Board of Health."

Mothers of children should look carefully after their feet, nothing does more for the health and comfort of both young and old than good shoes. "Always wear good shoes" is a maxim to be taught and learned in early life. The rule can be put into practice easily and cheaply at our store.

J. M. Hendrix & Co.

DIRECTORS' OFFICIAL REPORT

On State Normal and Industrial College Epidemic

WELL WATER WAS THE CAUSE

All Things Will be in Readiness for the Opening January 30—The Directors Finish Their Work.

The board of directors of the State Normal and Industrial College, which met in this city on the night of the 11th to decide upon a date for reopening the college and making their official report upon the cause of the epidemic and unfortunate disease which overtook the institution late in the fall in the shape of a typhoid fever epidemic, finished their labors last night and adjourned. All the members of the board attended this meeting except two. The decision to reopen the college on January 30th, as announced yesterday, was reached by a unanimous vote. The report of the board, which appears below, was also adopted unanimously.

The report, which was made by a majority of the directors, and they expressed gratification at the interest manifested by Greensboro people in the welfare of the State Normal and Industrial College. A committee of citizens, on behalf of themselves and the Industrial and Immigration Association, appeared before the directors yesterday and gave token of their interest in the matter. Among them were: Mayor Taylor, R. H. King, C. M. Vanstory, J. W. Scott, Neil Ellington, W. E. Beville, Col. W. H. Osborn, J. M. Hendrix, J. S. Hunter and Capt. J. W. Fry, the latter being president of the Industrial and Immigration Association.

Superintendent Mebane, chairman of the board, addressed the committee, assuring them of the appreciation of the board of their interest and sympathy. Mayor Taylor addressed the board and spoke of the friendly attitude of the entire city toward the Normal College, which has always been regarded as the pride of the city, as well as of the state, and of the sincere sorrow felt by reason of the sad experience through which the college has just passed. Willing hands have tendered their services, and the institution was never dearer to the hearts of the people of Greensboro than when in the throes of the disease which has caused many hearts to mourn. The city has taken no official action because it was not believed to be her province to do so, the matter being in the hands of competent men—the board of directors. Mr. R. H. King also made a few similar remarks, and the others in various ways showed their interest.

Messrs. Gilmer, Gattis and Turner, of the Board of Directors, responded in short speeches and were proud of the kind feeling manifested by the people of Greensboro.

A committee from the board of aldermen, composed of Messrs. Hunter, Ellington and Phillips, was appointed at the meeting last night to assure the directors of the hearty co-operation and sympathy of the city government, and to aid them in any way possible to further the good of the institution.

An impression that the city was not in thorough sympathy with the college was dispelled by the remarks of these acts effectually put the brand of falsehood on such report. The board of directors had a duty to perform and people preferred to let them do it before making any demonstrations. That the profoundest sympathy has existed throughout all the trouble there is not the slightest reason to doubt.

OFFICIAL REPORT.
The State Normal and Industrial College, being a state institution, the public is interested in and entitled to information relative to the recent epidemic of typhoid fever, resulting in eleven deaths at the college and three at their homes after the students left the college.

In view of the reopening of the college on the 30th of January, we, the board of directors, make the following official report of the cause of the epidemic and the remedies applied as a precaution against further trouble.

We have spared neither time nor expense in securing the services of the best medical and sanitary experts in aiding us in tracing the cause and removing the difficulties.

After a thorough investigation, we are satisfied that we have located the cause.

1. We believe that the central well, used to furnish water to the tables in the dining room, as shown by the bacteriologist's analysis, to be the cause.

2. That a leaking plumbing connection between the water closets and the main sewer under the dining room annex created an unsanitary condition there and may have contributed to the contamination of the well located about 125 feet distant.

A thorough examination by ourselves and the sanitary and medical experts failed to fix any other cause, as the entire premises otherwise were found in excellent sanitary condition.

The state board of health and the sanitary experts employed by us make the following recommendations:

1. That the three wells near the college buildings be filled and the city water used.

2. That the entire sewerage system be inspected by competent engineers, and any defects found be remedied; that the dirt adjacent to the leaking sewer-pipe under the dining-room annex be removed and the location thoroughly disinfected.

3. That all the buildings, rooms and

furniture be disinfected, the walls recalcined, and inside-wood work repainted.

All of the above recommendations have been carried out, or will be before the date of the opening, and submitted to the state board of health for inspection and approval, and in addition thereto we are putting in a plant to filter and sterilize the water to be used for drinking purposes.

The mattresses have been burned, and iron bedsteads placed in all of the dormitories in lieu of the wooden ones used. The old bath tubs have been discarded, and modern ones substituted. The water closets have been rearranged and the whole premises overhauled and placed in first class sanitary condition.

All of the above work has been done under the supervision and advice of the best experts, including the secretary, the bacteriologist and the engineer of the state board of health.

We feel safe in saying that the physical condition of the institution is as near perfect as human skill can make it, and the public need have no apprehension of further trouble, and students can return to their work with assurance that full provision has been made for their comfort and health.

In common with the people of the entire state the members of the board of directors have felt the deep sympathy for those among the patrons, relatives and friends of the college upon whom the hand of affliction has fallen so heavily.

The course pursued by the President and Faculty in all matters relating to the epidemic has our thorough endorsement, and we have never been better satisfied with the work of those administering the affairs of the college. All who have taken the pains to learn the facts as they occurred are unanimous in their praise of the wisdom and affection displayed by the entire management of the institution.

C. H. Mebane, President, J. M. Spainhour, Secretary, H. G. Chatham, R. D. Gilmer, W. D. Turner, S. M. Gattis, J. E. Fowler, J. A. Blair, John Graham.

BOERS ISOLATED.

First Five Hundred Volunteers Leave London.

By Cable to THE TELEGRAM.
London, Jan. 13.—A dispatch from Ladysmith says that certain Boers now holding Mount Hlangwani are now quite isolated, as their bridge across the Tugela River must have been carried away.

The first five hundred volunteers started for South Africa this morning. Despite the early hour the streets were jammed with crowds enthusiastically giving them farewells. People broke through the lines, the police being too few to keep order along the three mile line.

Victoria, Jan. 13.—The Canadian government has accepted the offer of British Columbia of a company of mounted scouts for South Africa.

Czar Preparing for War.

By Cable to THE TELEGRAM.
St. Petersburg, Jan. 13.—Diplomats here assert that the differences of France, Germany and England are far more acute than is apparent on the surface; that danger of war among the powers grows daily. Not to be caught napping the Czar has quietly mobilized an army of a quarter of a million, which has already been sent from Tiflis to Baku, on the western coast of the Caspian sea. The ultimate destination is undoubtedly the frontier of Afghanistan.

Runaway Marriage.

Special to THE TELEGRAM.
Winston, Jan. 13.—Louis E. Carter and M. M. Ina Hogger, a runaway couple from Franklin county, Va., arrived in the city last night and intended to be married at once, but owing to some trouble in procuring the necessary documents, the ceremony was postponed until this morning, when they were married at the Terry House, Rev. W. H. Willis, officiating.

Steamer Abandoned.

By Cable to THE TELEGRAM.
London, Jan. 13.—The Norwegian steamer Hrande, from Pensacola and Norfolk for Antwerp, passed Dangerous today. She signalled that she had aboard the crew of the British steamer Edenmoor, which sailed from Pensacola Dec. 8, via Norfolk, Dec. 18, for Amsterdam. The Edenmoor had been abandoned.

Mrs. Geo. W. Page Dead.

A message has been received here announcing the death of Mrs. Geo. W. Page, which occurred at her home in Danville yesterday, after a short illness. Mrs. Page was well known in Greensboro, where she has relatives and many friends. The funeral will take place at 11 a. m., tomorrow in Danville.

SOLID GOLD is none too good with which to adorn your eyes, but first-class lenses, with properly adjusted frames (though they be ordinary frames) is the one thing needed, if you value eyesight and care to save your eyes. We can furnish you the best. Our work is guaranteed. Drs. Moore.

Launching of the Ohio.

By Wire to THE TELEGRAM.
San Francisco, Jan. 13.—The Ohio Society of San Francisco has appointed a committee to arrange plans for the celebration on the occasion of the launching of the battleship Ohio. It is expected the president, the governor of Ohio and other notables will be present.

Card of Thanks.

The Gate City Band take this opportunity of making public acknowledgement to Messrs. Summerfield and Borth for their exceeding kindness in giving us one of the most pleasant evenings that we have had the good fortune to pass since our organization.

We say public acknowledgement for the reason that personally the gentlemen we are eye-witness to the generous appetites which we all exhibited in acknowledgement of the bounteous supply of good things that were so temptingly prepared for us at the McAdoo House last night.

In conclusion let us say, may your future be prosperous and happy and may you live long, is the voice of the Gate City Band.

J. G. Fowler, B. M., J. T. Martin, Conductor, Gate City Band.

Our bald's too Dead.

By Cable to THE TELEGRAM.
Rome, Jan. 13.—Manlio Garibaldi, son of the liberator by his second wife, is dead. He held a commission in the Italian navy.

ANOTHER CONCERT free for the folks any afternoon or evening next week. If you don't love the little ones well enough to get one of the musical wonders so as to amuse and satisfy them at home, let them come and we will do what we can to gladden their dear little hearts. You would like this wonder of wonders as well as they. Call and hear it. Moore Optical & T. M. Co.

Don't Use Glasses

unless they are best quality and properly adjusted. Ill-fitting frames, as well as poor lenses will seriously injure your eyes. Our glasses are RIGHT and we know how to adjust frames. We can be of great help to your eyes, as we have been to others.

ELKIN, N. C., Nov. 10, '99.
DR. MOORE: The glasses you fitted for me more than a year ago are entirely satisfactory and I take great pleasure in recommending your work to the public generally. Very truly,
REV. HUGH M. BLAIR.

We use the most modern instruments for examination.
DRS. R. L. & E. H. MOORE,
112 E. Market Street.

SATURDAY, JAN. 13, 1900.

THE REPORT.

Elsewhere in this issue is printed the official report of the Normal directors on the cause for the recent outbreak of typhoid fever at the college. The report is not a long one, as was expected, but it is clear and to the point. It is in words which mean something. It can be more easily understood by reason of its brevity and it will not have to go so far and read so much to find fault with it.

The well water is stated to have been the cause and it is further stated that the broken or defective sewer "created an unsanitary condition and may have contributed to the contamination of the well located about 125 feet distant." We might argue that we do not believe it possible for germs to go that far through solid earth and rock; we might argue that wells have been known to be contaminated a hundred miles from any sewer pipe, and therefore chargeable to some other cause; but what good would it do? It would not restore the loved ones who have died, and it would not help in further carrying on the great work of the college.

The directors assure the public that all has been, and is being, done that can be, to guarantee safety in the future. All things, in their judgment, which could possibly have contributed to the epidemic, have been remedied or removed, and the date for reopening the college fixed for January 30th.

We believe with all the precautions that have been taken and the improvements made that the board acted wisely in selecting an early date for the reopening. Let us all hope that with healthful conditions the college will at once resume her place in the educational march of the state, and that never again may she have such a sad experience.

President Alderman is to be commended for the very prompt statement made of the appearance of smallpox at the State University. It is sincerely hoped the disease will not spread. Little or no alarm need be felt as it appears that immediate action was taken in the matter.

Not one of us but has wished to change places, and in the January Cosmopolitan the brilliant Edgar Saltus writes on "The Delights of Trying to be Somebody Else," in a manner that makes the folly of the almost universal wish excusable and even commendable. The article is heavily illustrated with pictures of people who for the time being have tried to be somebody else.

RECEPTION AND BANQUET.

North Carolina Outdid Itself Last Night.

Special to the TELEGRAM.

Washington, Jan. 13.—North Carolina outdid itself last night. The reception and banquet, at the National Rifles Armory, given under the auspices of the fund for the proposed monument to General Robert E. Lee, was a success from a financial point of view, as well as from a social standpoint. The gathering at the reception was one of the most distinguished and brilliant that has been brought together by the North Carolina organization since its inception. Eight o'clock was the hour for the beginning of the reception, but even before that time the guests began to arrive. They were met by the representatives of the different southern states, who were for the most part young ladies, the daughters of distinguished families from their section of the union. Among the guests were not only the

found ex-Confederates, but many who fought against the armies of Lee, including Gen. Hawley, of Connecticut, were prominent at the banquet, and vied with their southern brethren in their earnestness and zeal for the cause for which the banquet was given.

Among the more distinguished guests present were nearly the entire North Carolina delegation in the Senate and House; Hon. Julian S. Carr, of North Carolina; Representative Swanson and wife, of Virginia; Senators Daniel and Martin and many others of the Virginia delegation; Senator and Miss McLaurin, of South Carolina; Senator and Miss Tillman, of South Carolina; Senator and Mrs. Taliaferro and daughters, of Florida; Senator and Miss Cockrell, of Missouri; Assistant Attorney General Boyd, Assistant Attorney Caspers, of the department of justice, of South Carolina, and others.

It is said among North Carolina members of congress, that the contest from that state will be taken up shortly in the committee. The case of Ex-Representative Pearson against Crawford, is likely to be about the first of the North Carolina cases passed upon by the house and is attracting the most interest. The democratic members of the delegation are all of the opinion, of course, that Crawford is really elected, and should retain his seat, but many of them differ in their opinion as to what the republicans in the house, who have the power to unseat Crawford will do. The general opinion seems to be that Crawford and the other contestants from North Carolina will be deprived of their seats, and the republican contestants seated in their places.

In regard to the Virginia cases, the belief seems to be that Young may keep his seat, and from the arguments Thursday it is difficult to see how the majority of the committee on elections number 2, which heard the case, can come to any other conclusion but that Young defeated Wise squarely and openly. The friends of Dr. Wise pretend to believe that the committee report will be in his favor, but from talks with members of the committee it is believed they will be disappointed.

In regard to the Walker-Rhea case, which was heard yesterday, the general impression is that the report will be in favor of Gen. Walker. The general, it is conceded, has a much better case than Dr. Wise, who was defeated by an overwhelming majority and, apparently has no case at all upon which to base a contest. Both Dr. Wise and General Walker, together with the counsel are in Washington, and will remain until action is had on their cases.

Mr. James M. Moody, a well-known gentleman, of Waynesville, N. C., is in Washington. He is here on a business trip, and will remain for several days. He is making his headquarters at the National hotel.

Railroad service has been discontinued in North Carolina as follows: Rocky Mount to Tarboro, Wilmington & Weldon railroad; Junction to Henrietta, Carolina Central railroad; Henderson to Hallison, Durham & Charlotte railroad; Carthage to Hallison, Carthage railroad; Mocksville to Mooresville, Southern railroad.

Site of postoffice at Gragg, Caldwell county, has been moved two miles east.

Postoffice at Poplarhurst, Warren county has been discontinued.

David G. Bigham has been commissioned postmaster at Harris, North Carolina.

Mr. W. C. Moore and wife, of Statesville, are at the National hotel.

Dr. and Mrs. H. Hartwell Bass, who were married here the other day, have returned to their future home at Henderson.

SIXTEEN NEW STUDENTS

Entered Trinity Since the Holidays. Notes of Interest from the College.

Correspondence Telegram.

Trinity Park, Durham, Jan. 13.—The Christmas holidays ended January 2, and work was resumed Wednesday morning with nearly all of the students present. Sixteen new students have come to the Park since Christmas, although the second term of the college year does not begin till February 1st. Only one of these was admitted to the Freshman class. Several of them entered the high school here and two of them, not having been admitted to Trinity, went to another college in the state. With the present admission requirements and the present standard of scholarship at Trinity, students are not advised, except in rare instances, to enter college in the middle of the year, when the work of the Freshman class is half finished. It is not believed to be for the best interests of the individual student, and it is injurious to the cause of scholarship in the college. A number of students who were refused admission to the Freshman class last January, returned to the preparatory school and came back to enter in September, and now they are among the best students in the Freshman class. Whereas, if they had been allowed to enter college last January most of them would have necessarily failed to pass up with

their class, and so would not only have lost the year, but would likely have grown discouraged and dropped out of college altogether. It is cases like these that encourage the faculty to hold to their policy of insisting on the fitness of applicants for admission, although the refusal to admit a boy is often misunderstood by his parents, and sometimes brings from his father a wrathful letter to the president of the college.

The Current Topics Club held its regular monthly meeting Saturday evening, January 6. The subjects discussed were "Dwight L. Moody," by Richard Webb; "Religious Tendencies," by President Kilgo; "Norman Hapgood's 'Life of Lincoln,'" by Dr. J. S. Bassett; "Contributions to American Literature," by Prof. Mims. The meetings of the club are well attended, and are instrumental in stirring up great interest in current events.

Mrs. M. T. Dickinson, Class of '96, who is now reading law at the University of Michigan, spent some time at the Park last week visiting friends.

Mr. D. H. Littlejohn, of Charlotte, and class of '96, has been visiting friends at the Park this week.

Rev. J. C. Wooten, class of '96, who was transferred by Bishop Hendrix to California, spent some time at the Park last week visiting friends. Mr. Wooten is a young man of great ability and his many friends regret to see him leave the state. He is given a very responsible work, being stationed at Oakland, Cal.

The friends of Mr. I. E. Avery, a former student of Trinity, are glad to know that he is now on the staff of the Charlotte Observer.

The mid-year examinations begin January 15, and last to January 31. During the two weeks all lectures and recitations are suspended.

Lewis Dennis, Salem, Ind., says: "Kodol Dyspepsia Cure did me more good than anything I ever took." It digests what you eat and cannot help but cure dyspepsia and stomach troubles. Howard Gardner.

SIXTY LIVES LOST.

An Unknown Vessel Runs Aground and Burns.

Our press despatches yesterday gave a short account of a burning steamer, and the perilous position of the crew and passengers. Following is a fuller account of the terrible disaster:

St. Johns, N. F., Jan. 13, 1 a. m.—

The wrecking and burning in St. Mary's bay of the two-masted steamer, with its crew of probably 60, and possibly some passengers, all perishing, is one of the worst marine disasters in this section for a considerable period.

There is not the slightest prospect that any soul on board escaped death, as the intense mid-winter cold would kill any who escaped drowning and the ill-fated vessel was of nearly 300 tons burden. She went ashore before daybreak Thursday, striking a ledge at the foot of the cliff, where escape was hopeless. The crew launched the boats, but probably during the panic some were crushed against the sides, others being swamped, and all the occupants apparently perishing.

The ship was seen to be ashore by residents six miles away. Attracted to the scene, they found the after half of the wreck blazing fiercely and the fore part under water. Kerosene in the cargo helped the blaze. At that time only three men were left on board. Two were on the bridge and one was in the rigging. Those on the bridge were safe until 2 p. m., when they were washed overboard and drowned, the bridge being carried away. The survivor soon after left the rigging, swam to the rocks and twice endeavored to get a footing. Falling in this, he made his way back to the rigging where he died of exposure during the night.

Many dead bodies are visible, tossing in the surf. Two of them thrown up in a cove cannot be reached, owing to the heavy sea. One is thought to be that of a woman. Boats and other wreckage are strewn among the rocks for miles. Yesterday (Friday) was more stormy than the day before, and it was impossible to reach the wreck, which has gone to pieces to such an extent that it has sunk beneath the waves. A severe gale is raging to-night, which is likely to reduce her to fragments. The wreck commissioner hopes to be able to obtain her name today.

Residents along the shore made every possible effort to rescue the survivor in the rigging, but lacking proper outfit, they were unable to succeed. A messenger who has just arrived from Peter's river, reports that a trunk filled with women's clothing has been washed ashore there, as well as a garment which is either a water-proof cape, such as is used by a woman or a man's overcoat. Nearby was found some underwear evidently a man's, marked with the initials "J. J." This seems to indicate that the ship had passengers.

Try Kadok-Headache Powders, 3 Doses too. Cures all aches in the head pleasantly.

A Mother's Duty

It is so easy to let her children begin early in life to shampoo their heads regularly once a week. In each instance, after the hair is thoroughly dry, some mild, health-giving tonic should be applied to the scalp to aid nature in creating the best possible growth of uniformly colored, lustrous, healthy hair—the most important feature in the make-up of beautiful women and handsome men. For more than fifteen years, the

7 Sutherland Sisters' Scalp Cleaner has stood at the apex of all shampoo washes, while the "Hair Grower" has been equally successful in its efforts to return the injured scalp and almost hairless to their original healthfulness.

SOLD BY DRUGGISTS.

Muggins—"He's a sort of prodigal son, isn't he?" Higgins—"Well, judging from the fact that he always buys a front seat when a burlesque show comes to town, I should say he had a profound fondness for fatted calves."

Having a Great Run on Chamberlain's Cough Remedy.

Manager Martin, of the Pierson drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind, and it gives great satisfaction. In these days of influenza there is nothing like Chamberlain's Cough Remedy to stop the cough, soothe the sore throat and lungs and give relief in a very short time. The sales are growing and all who try it are pleased with its prompt action.—South Chicago Daily Calumet. For sale by C. E. Holton, druggist.

When the doctor is out the patient is usually in—about two dollars.

He Only Repeats What has been Around the World.

It has been demonstrated repeatedly in every state in the union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher, of Liberty, W. Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by C. E. Holton, druggist.

Blotches—"She's a perfect picture." Slobbs—"Yes; she's pretty well painted."

Spain's Greatest Need.

Mr. R. P. Orliva, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest blood and nerve remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, cures up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed, only 50c. Sold by C. E. Holton, druggist.

When a clock dealer's business is all run down he usually winds up his affairs.

Bismarck's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at Holton's drug store.

It doesn't take a particularly strong girl to break off an undesirable engagement.

Gaining a Wide Reputation.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnston, of Richmond, Ind., has been troubled with that ailment since 1892. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and pained me very much, but one good application of Pain Balm relieved me. For sale by C. E. Holton, druggist."

No matter how hardheaded a girl may be, diamonds will usually make an impression.

That Throbbing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by C. E. Holton, druggist.

BRIEF LOCAL MATTERS.

Col. J. E. Alexander, of Winston was here today.

Ed. Madden came down from High Point this morning.

S. L. Alderman went down to Coolidge cotton mill this morning.

John R. Morris, the well known drummer, was in the city today.

T. B. Yulie went down the Raleigh road today, returning home to Durham.

Fresh oysters tonight only for 30c. per quart, send down early, at J. H. West.

Mr. Cobb, proprietor of the Benbow, soon to open, returned to Durham at noon today.

Solicitor A. L. Brooks went to Durham today, where he goes to attend court next week.

Mrs. M. A. Murray went to Asheville today to visit her daughter, Mrs. Charles D. Thornton.

The board of aldermen met in regular session last night. Owing to crowded space today the report will be published in this paper Monday.

Miss Julia Chatham, one of the operators of the telephone exchange, was called yesterday to the bedside of her mother, who is critically ill at her home at Elkin.

Money in large amounts advertised by the Southern Loan and Trust Company, to loan, offices and bachelor apartments for rent. Cafe to be opened in building in January.

Special services will be held at Grace Methodist Protestant church on night at 7:30 during the coming week, Rev. M. Anderson doing the preaching. The public is cordially invited to attend.

On Thursday morning last, at the residence of Mr. Hal M. Worth, at Worthville, Mr. A. Fletcher Cox, of Cedar Falls, was married to Miss Lucy D. Creason, Rev. J. D. Miller, rector of St. Andrews, officiating.

Mr. C. L. Van Noppen will lecture before the members of Greensboro Lodge No. 80, Knights of Pythias Monday night in their lodge room on the Boer-Brutish war. Mr. Van Noppen is well posted on this matter, is a good speaker and his lecture will be highly interesting.

No doubt that you have heard of the man that placed his money in a pasteboard box, thinking it was safe but as years rolled on he found that all he had placed there was gone, and nothing to show for it. A large number of men are doing the same thing today by taking life insurance in some companies that give you nothing back. Read the ad of The Penn Mutual Life. Murray Bros., represents that company.

BAND BANQUET.
As Entertainers the Boys Were Also Entertained.

The organizers of the Knights of the Mystic Chain, Messrs. Summerfield and Bozorth, showed their appreciation of the Gate City Band, who joined the order in a body, by giving a banquet in their honor at the McAdoo House last night.

The boys were dressed in full uniform and played several beautiful selections in the hall of the second story, on the dining room floor of the building. Only the members of the band, and L. C. Howlett, representing the Record, and R. M. Phillips the Telegram, were present, except, of course, Messrs. Summerfield and Bozorth. During the evening the "Mystic Chain March" composed by Mr. J. P. Alston, was played. The piece is a beautiful one and the music written specially for the Gate City Band.

The band members and instrumentation, are as follows:

J. T. Martin, cornet, 1st and 2nd.
C. M. Elam, cornet, 1st and 2nd.
Harper Bond, cornet, 1st and 2nd.
L. W. Andrews, Jr., cornet, 1st and 2nd.
Archie Dalton, cornet, 1st and 2nd.
E. K. Huff, cornet, 1st and 2nd.
Thos. Connor, cornet, 1st and 2nd.
Harry Donnell, cornet, 1st and 2nd.
C. B. Bogart, cornet, 1st and 2nd.
L. T. Hall, cornet, 1st and 2nd.
J. H. Boone, cornet, 1st and 2nd.
J. L. Alderman, cornet, 1st and 2nd.
R. T. Whitington, bass and flat.
E. J. Willis, bass and flat.
Earnest Wooters, bass and flat.
Henry Marley, bass and flat.
J. G. Fowler, manager.

About 8:30 the dining room doors were opened and on entering a feast of beauty was presented. In the arrangement of the banquet table Mr. Perkins, the proprietor, had fairly outdone himself. The service was excellent also, and as the following bill of fare was gone through with the boys became more and more satisfied with having made the acquaintance of the Mystic Chain organizers, with the order itself, the three regular degrees and the "Mystic 4th."

MENU.
Blue Points
Queen Olives
Celery Chicken Salad
Stewed Oysters

Quail on Toast
Roast Turkey, Cranberry Sauce
Barbecued Pig Ham Leg of Mutton
Cheese Straws

"Mystic," 4th Degree
Pound Cake
Lemon Ice Cream
Cocoanut Cake

California Oranges
Bananas
Cheese
Crackers
Tea
Coffee

Several brief toasts were given and responded to, bright witticisms and good natured joking were indulged in and a good time generally was had. After supper the band repaired to the hotel office and writing rooms, regaled the guests with a few inspiring strains, and departed with hearty thanks to those to whom they were indebted for the pleasant evening.

At The A. and M. College.

The Rev. C. E. Hodge, pastor of the West minister Presbyterian church will preach in the college chapel tomorrow afternoon at 3 o'clock.

The public is cordially invited to be present.

Try Kadok-Headache Powders, 3 Doses Loc. Cures all aches in the head pleasantly.

That delayed shipment of boys and little gent's shoes came in at last this morning. It took them a long time to get here but they opened up all right when they did come. The little gent's shoes have very low common sense heels, a decided improvement on spring heels. Sizes in these are from 8 to 13 1/2, price \$1.25. The boys' shoes, sizes running from 1 to 6 1/2, are the best we have seen for the price, which is \$1.50. For boys who are particularly hard on shoes we especially recommend our stout quilted bottom satin calf shoes. These have steel slugs in the heels to prevent running over and are made to stand rough weather and rough wear.

Thacker and Brockmann.
Try Vick's Laxative Quinine Tablets, 10c Box. Cures colds in one night.
